OSTERMOOR

YOU CAN WASH THE MATTRESS BEARING THIS LABEL

Soap, water and a brush are all that is needed to keep the outside of an Ostermoor Mattress sweet and clean. The inside never needs attention. Costs nothing for repairs. An occasional "outing" in the sun keeps it fresh and new, because it is built (not stuffed) of elastic, fibrous Ostermoor sheets. It cannot sag, lump nor pack like hair.

Make sure you get the genuine Ostermoor. Note the label put there to protect you against worthless imitations. We sell at factory prices and invite inspection.

Whether Plattburgh will enter any proposed base ball league with Vermont cities is still in doubt, as will be inferred from the Plattburgh Press statement, as follows: "Thus far there has been no great amount of base ball sentiment discoverable here, but the proposition of the Vermont towns is well worth considering. Under conditions as they previously existed, a team might be expected to be made self-sustaining this coming season. There are many base ball enthusiasts here who would undoubtedly favor the project if they thought it could be made a success. The Vermont cities are anxious that Plattburgh should join the league and if there is a chance of it will call a meeting for the organization of a league and arrangements of further details in this city next week. All the Vermonters are waiting for is an invitation to come to Plattburgh and is sufficient interest can be aroused here each of the Vermont towns will send representatives to the Plattburgh meeting. The Press would be pleased to get expression of opinion from any of the local fans."

The Daylight Store

NOT ALWAYS RIGHT

but we are getting our mistakes now so far apart that you will have to watch us pretty close to detect our errors. As our stock gets larger and our business increases it gives us better chances to be sure that we are right. Mr. Morse's trip this week to New York is another try to be right, right with what the trade want and right with the price asked for our garments. This trip means something that we are out of but are bound to have and have it when most wanted.

NEW SUITS AND COATS.

It takes only one night to get to New York and one day to get new Suits home here to Barre.

You may see new Suits to-day and then see the following day Suits that were in New York when you were here looking the day before. To keep posted, make frequent visits to our Garment Department.

This has been a big Suit season and the end is not yet in sight. There will be more sold than there have been, and we are going to take care of every customer the very best we can.

Our line of Regal Shoes for Ladies is now ready. If you wear one pair that is enough to make you a steady Regal customer (that is what ladies tell us who have worn them).

NEW HAMBURG AND LACES.

Just a peep at these goods will at once convince you that this department is out for business of the right sort.

Laces while of a better grade of a better style are but little higher priced than the poorer ones that you may have seen.

Embroideries are more universally worn than ever in the history of the Embroidery business. To get fine edges that are smooth you will not have to pass our new line. These are all Muser Brothers' goods and after you have used these Laces and Embroideries once you will better understand what there is in the name Muser Brothers.

MUSLIN UNDERWEAR SETS.

These Sets come in four pieces to match. Each Set has one robe, corset cover, long skirt and pair of drawers.

These Sets come in a variety of styles and are made by a New York maker that makes these Sets for R. H. White & Co. of Boston. They are right and beautiful.

Our Muslin Underwear Department has got to be up to any in Vermont before 1909 is finished. It's a line that we have neglected, but now are after that business good and hard, with the right kind of merchandise.

Our line of Corset Covers at 25c and 50c is very hard to equal.
